1 were impaired with dizziness, decrease in body weight with con-
2 tinuous chills, and joint stiffness.

3 4. Where, after numerous submissions of (CDC) forms 7362
4 complaining to Medical Staff at High Desert State Prison the
5 defendant, Dr. M. Roche ordered on October 5, 2002 a "MRI" of
6 the (Lumbosacral Spine)(see Exhibit-A).

7 5. It should be noted that the plaintiff - when transferred
8 from the Federal Institution, the medications, "Neurontin"
9 800 mg. was discontinued for a period of (3) months and (25)
10 days.

11 6. Nevertheless, the plaintiff was not placed back on the
12 "Neurontin" 800 mg. by the defendant, Dr. M. Roche until after
13 the October 5th (MRI) was done at High Desert State Prison, and
14 up to the time that where the plaintiff continued to complain
15 of severe pain to his lower back leaving discomfort to the
16 plaintiff's lower abdomen, and inner part of both the plaintiff
17 thighs.

18 7. Which at that point in time the plaintiff continued on
19 the meds of "Neurontin" for pain for the benefit of a period of
20 (38) months where the adverse side effects worsen to the point
21 the plaintiff's right testicle began swelling impairing the
22 plaintiff's ability to stand, stoop, and walk.

23 8. However, doing the course of the plaintiff's continuous
24 pain, the plaintiff was then seen on April 6, 2005 by the de-
25 fendant, Dr. R. Cox, who examined the plaintiff, and continued
26 the meds "Neurontin", and also placed the plaintiff on the In-
27 stitution's Disability Placement Program (CDC form 1845) stat-

(1)

1 ing; "Mobility Impaired" with no further treatment, and/or
 2 physical therapy as well. (see Exhibit-B)

3 9. On December 21, 2005 the plaintiff was transferred from
 4 High Desert State Prison to the California Training Facility
 5 (CTF) at Soledad (see Exhibit-C) which during the course of a
 6 (9) hours bus ride from High Desert to CTF prison the plaintiff
 7 experienced additional discomforts in the lower back area with
 8 burning sensations between the plaintiff's thighs (right test-
 9 icle) causing excruciating pain where the plaintiff's right leg
 10 and right foot became numb.

11 10. And, again after the plaintiff submitted numerous med-
 12 ical forms (CDC 7362) explaining the plaintiff's difficulties
 13 walking, standing, and sitting, as (33) days had elapsed before
 14 the plaintiff was interviewed and examined on January 23, 2006
 15 by the defendant, Dr. T. Friederichs where said defendant ques-
 16 tioned the plaintiff about the "MRI" done at High Desert State
 17 Prison in the month of October 2002 where the defendant, Dr. T.
 18 Friederichs determined and ordered another "MRI" which was done
 19 on March 10, 2006. (see Exhibit-D)

20 11. It should be noted that the defendant, Dr. T. Fried-
 21 erichs on the January 23th date also prescribed additional med-
 22 ications as follows; Motrin, Tylenol, Parafom Forte, and Neu-
 23 rentin along with a medical pamphlet explaining stretching ex-
 24 ercises, also see Exhibit-D.

25 12. Nonetheless, on May 15, 2006 (see Exhibit-E) the de-
 26 fendant, Dr. Cornell Clark interviewed and examined the plain-
 27 tiff then performed another "MRI" which findings contradicts

1 the prior "MRI" ordered by the defendant, Dr. Friederichs on
 2 March 10, 2006 specifically stating; "No spondylolisthesis or
 3 fracture."

4 13. Plaintiff for the next (5) months and (27) days con-
 5 tinued to take prescribed meds which in fact had to be renewed
 6 by a physician every (90) days, and on November 3, 2006 the de-
 7 fendant, C. Sinnaco, MD requested surgery - Posterior Lumbar
 8 Laminectomy. (see Exhibit-F)

9 14. On November 27, 2006 the plaintiff was escorted to Re-
 10 ceiving & Release and placed into a 2'x2' holding cage for ap-
 11 proximately 90 minutes on the order of the defendant, Lieuten-
 12 ant R.A. Perez (CDC R 114-D) pending an investigation (see Ex-
 13 hibit-G) where the plaintiff's symptoms flared to the point of
 14 numbness and swelling to the right leg and foot causing excru-
 15 ciating pain as the plaintiff complained on numerous occasions
 16 to the defendant, R&R Sergeant, John Doe #2 where he was made
 17 aware of the plaintiff's medical conditions.

18 15. Although, that same date of November 27th the plain-
 19 tiff was adversely transferred to the California Men's Colony
 20 at San Luis Obispo's D.D.U. Annex Cell Unit. (see Exhibit-H)

21 16. It should be noted the plaintiff was seen on November
 22 27, 2006 at (CMC) by Michael Viggianelli, MD who interviewed and
 23 examined the plaintiff (see Exhibit-I)

24 17. On November 28, 2006 the defendant, J. Chudy, MD -
 25 Chief Medical Officer at (CTF) Soledad approved plaintiff's
 26 surgery that was requested. (see Exhibit-J)

27 18. The plaintiff on November 29, 2006 asked to see a

1 Psych - Technician, that evening the plaintiff saw said technician,
 2 who asked the plaintiff; "Do you feel like killing yourself or others?" The plaintiff responded with; "I don't know
 3 what the hell I'll do", at that point the conversation was
 4 terminated, and that same evening the plaintiff was transferred
 5 from "D.D.U. Annex Cell Unit" to the "Psychiatric Ward" at
 6 (CMC) East.

7
 8 19. The plaintiff was then placed into a one-man cell
 9 built only for a top bunk (it should be noted Dr. Michael Vig-
 10 gianelli had ordered a lower bunk, see Exhibit-I where the
 11 plaintiff stayed (72) hours without any clothes-no shoes, socks
 12 Tee-shirt, boxers shorts, nor a mattress to even sleep on only
 13 a steel metal sheet, as the plaintiff developed the following
 14 symptoms; strange feelings, fatigue, anxiety, troubled desire,
 15 confusional state, animosity, and hostility, which all of the
 16 foregoing symptoms arising from the adverse transfer and placement
 17 in Administrative Segregation.

18
 19 20. Nonetheless, after the (72) hours of isolation the
 20 plaintiff appeared before the Institution's "Psych Committee",
 21 whom deemed the plaintiff should be returned to Ad. Seg..

22
 23 21. The plaintiff was returned to Ad. Seg., but was placed
 24 on (10) days observation where every hour on the hour the plaintiff
 25 would have to show a Correctional Officer some type of
 26 physical movement.

27
 28 22. However, within that (10) days period the plaintiff
 29 was moved on (4) separate occasions to different cells.

30 23. It should be noted, the plaintiff had informed the de-

1 defendants, Correctional Sergeant, John Doe #3, and Correctional
 2 Officers, John Doe #4 and #5 that the plaintiff was a Muslim by
 3 faith, and requested "Administrative Segregation Property" (see
 4 Exhibit-K) and "Special Religious Diet" (see Exhibit-L) which
 5 the plaintiff retains a CDC (SRD) card issued at the Correc-
 6 tional Training Facility - Soledad where when the plaintiff
 7 mentioned those requests - from that point in time until the
 8 plaintiff was released from Ad. Seg., the plaintiff experienced
 9 defamatory comments, and discriminatory acts behind the plain-
 10 tiff's religion, and special diet - remarks of; When the din-
 11 ner meal was served - the plaintiff states; "I have a 'special
 12 religious diet' card", the defendant, Correctional Officer,
 13 John Doe #4 came with; "Well...that's no good in here...this is
 14 Ad. Seg....you'll eat what we give you". The defendant, Correc-
 15 tional Officer, John Doe #5 then said; "So...you muslims don't
 16 want to eat our food...well, that's to bad...because, the only
 17 thing you'll get is what my partner just told you...and if you
 18 don't like that...to bad". The plaintiff responded; "Can I see
 19 a sergeant?" Approximately, one hour later the defendant, Cor-
 20 rectional Officer, John Doe #3 stated; "What's the problem?"
 21 The plaintiff responded; "I have a 'special religious diet'
 22 card". The defendant, John Doe #3 responded; "I can't do any-
 23 thing about it right now...but, I'll look into it". It should
 24 be noted the plaintiff never received a reply from the defend-
 25 ant, John Doe #3, nor any other Correctional Officer. Acts of;
 26 spitting in the plaintiff's dinner meal tray, and when the
 27 plaintiff confronted the defendant, Correctional Officer, John

(5)

1 Doe #4 remarked; "Yeah...sure I did".

2 24. The plaintiff's symptoms had progressed, progressed to
 3 the extent where the plaintiff entire back was in excruciating
 4 pain from sleeping on a sheet of metal for (72) hours, and con-
 5 tinuous movement every hour on the hour causing the plaintiff's
 6 right testicle to swell twice the normal size inflamed to the
 7 touch.

8 25. However, when the plaintiff was adversely transferred
 9 on November 27, 2006 from (CTF-Central) the defendants, D.
 10 Carey - CDA(A) & Chairperson, T. Cook - Facility Captain, S.
 11 Stack - Chief Psychiatrist, G. Brownlee - Lieutenant, and M.
 12 Mee - Asst. C & PR & Recorder all the above defendants knew of
 13 the plaintiff's involvement in the cell door closure device by
 14 a CDC 128 E (see Exhibit-M) dated November 30, 2006 authored by
 15 CC II, D.J. Carnazzo which the plaintiff did not appear before
 16 the above named defendants until December 7, 2006.

17 26. Where it should be noted that the plaintiff stayed an
 18 additional (13) days in Ad. Seg. although (CMC) administrators
 19 knew the plaintiff's had no active role in the investigation
 20 before the plaintiff was transferred to Sierra Vista Regional
 21 Medical Center on December 13, 2006 for the already approved
 22 surgery (see Exhibit-N)

23 27. The plaintiff's Chief Complaints when he entered the
 24 hospital were a right disc bulge, osteophytes, and swelling of
 25 the right testicle. (see Exhibit-O)

26 28. Nevertheless, on the date of admission - December 13,
 27 2006 the defendant, Donald A. Ramberg, MD gave a brief summary

1 of plaintiff's chief complaints (see Exhibit-P) and also with
 2 the plaintiff during a physical examination on October 31, 2006
 3 (see Exhibit-Q) had a discussion with the defendant, Dr.
 4 Ramberg about the procedure used for said surgery, which was
 5 fully explained from the "MRI" done on May 15, 2006 see Ex-
 6 hibit-E, Impression: where the defendant, Dr. Ramberg would en-
 7 ter the right side of the plaintiff's spinal cord during sur-
 8 gery.

9 29. However, that procedure was not followed as discussed
 10 above, the procedure used was described in (see Exhibit-R) de-
 11 scription of procedure.

12 30. The plaintiff on December 15, 2006 was discharged from
 13 Sierra Vista Medical Center, with meds prescribed by the de-
 14 fendant, Dr. Ramberg - meds of Gabapentin, Lipitor, and Tylenol
 15 which order was faxed to (CMC)(see Exhibit-S).

16 31. It should be noted that the plaintiff was transferred
 17 to (CMC - Hospital) and examined upon admission - revealing
 18 blisters - type lesions on the plaintiff's tongue, which some
 19 of them were opened, and about the size of 2 to 3 mm.. (see Ex-
 20 hibit-T) Where examining physician, D.M. Perry, MD commented to
 21 the plaintiff during said examination; "Why...did they operate
 22 on you?" the plaintiff responded; "Huh...what do you mean?" D.
 23 M. Perry, MD came with; "I would have not operated on you with
 24 those lesions...and being asthmatic, with bronchospasm...no I
 25 would have waited at least until the lesions healed".

26 32. Nonetheless, it should be noted the defendant, Dr.
 27 Ramberg had ordered a (30) day follow-up which never occurred

1 (see Exhibit-U).

2 33. However, since the plaintiff's return from surgery -
 3 plaintiff's pain meds were changed in a manner of days from
 4 Gabapentin, to Darvocet, then Vicodin causing the plaintiff's
 5 left leg and left thigh with continuous sharp pains. (see Ex-
 6 hibit-V)

7 34. The plaintiff did however file a "602" grievance ad-
 8 dressing the above mentioned symptoms which was partially
 9 granted (see Exhibit-W) which the plaintiff requested a walking
 10 cane, double mattress, and/or a egg crate mattress, as none of
 11 these accommodations were met - where only the defendant, K.
 12 Sampson - CC II said the plaintiff received said accommodations
 13 mis-leading the defendant, Robert Meyers where the plaintiff
 14 must stress the fact that the defendant, K. Sampson is employed
 15 at the California Correctional Institution - Tehachapi, and not
 16 at the California Men's Colony where the defendant, Robert
 17 Meyers, is employed where the "602" grievance was filed.

18 35. On January 21, 2007 the plaintiff filed another "602"
 19 grievance for the lost of legal paperwork, and legal notes (see
 20 Exhibit-X) in reference to a incident which occurred in Ad. Seg.
 21 where the plaintiff wrote a "602" grievance concerning defama-
 22 tory comments, and discriminatory acts which legal paperwork,
 23 and legal notes were a copy of said "602", and Correctional
 24 Offices names, times, dates, and places.

25 36. On February 20, 2007 the plaintiff unfortunately was
 26 transferred again to the California Correctional Institution,
 27 Unit #1 - Tehachapi, California.

1 37. On March 20, 2007 the plaintiff filed his third and
2 last grievance (see Exhibit-Y) issues of; medications where the
3 plaintiff was taken off of all pain meds, and it should be
4 noted with the filing of Exhibit-Y this exhausted all adminis-
5 trative remedies concerning all foregoing allegations of the
6 plaintiff's civil rights violations in this civil action.

7 38. It should also be noted that all symptoms mentioned
8 through out the above claim are contributed to the liability of
9 the company, the defendants - Parke-Davis, the defendant,
10 Anthony Wild, CEO, and John, and/or Jane Doe #6 through #15 for
11 the plaintiff sustaining the rare adverse effects of the drug,
12 "Neurontin", and "Gabapentin" effects of; endocrine system -
13 swollen testicle, respiratory system - bronchospasm, urogenital
14 system - testicle pain, and special senses - lesions, taste
15 loss, and unusual taste.

1 VI. Injunction Relief

2 The plaintiff is requesting this Honorable Court for an
 3 "Injunction Relief", for the following reasons;

4 1) The plaintiff had received an operation on his lower
 5 back on December 13, 2006 which was done improperly where the
 6 plaintiff had to complain to medical staff at the California
 7 Correctional Institution of excruciating pain he was experi-
 8 encing from the date of said operation until physician - Yin,
 9 MD at (C.C.I.) requested that X-rays be performed which was
 10 done on February 23, 2007 at the "Kern Radiology Medical Group,
 11 Inc." by Howard E. Leventhal, MD as he determined there was a
 12 first degree spondylolisthesis of L5 on S1 with disc space nar-
 13 rowing. The plaintiff was then placed on a regimen of muscle
 14 relaxants and pain medications in the form of "Hydrochloro-
 15 thiazide" 25 mg. and "Gabapentin" 800 mg. by Dr. Afra at (C.C.
 16 I.) where it was further noted that Dr. Afra requested a mag-
 17 netic resonance imaging (MRI) and a post-surgical request for
 18 services to follow-up with a neurosurgeon depending on (MRI)
 19 results (which has not be done - as of the date of November
 20 8, 2007) as Dr. Afra also gave his opinion for services to fol-
 21 low-up with an Urologist. (see Exhibit-Z)

22 2) On July 10, 2007 the plaintiff had a video telephone
 23 conference with a neurosurgeon at U.C. Davis Medical Center,
 24 whom explained to the plaintiff that he needed another back
 25 surgery to correct the first surgery that was performed on
 26 December 13, 2006, because the neurosurgeon noted from the
 27 plaintiff's X-rays, and (MRI) a steel rod along with fusing 3

(10)

1 disc would correct the plaintiff's problems.

2 3) The plaintiff now feels since the California Department
 3 of Corrections has taken responsibility for the plaintiff's
 4 medical needs, and has put forward an effort to correct the
 5 plaintiff's medical conditions by contracting to an outside
 6 physician whom professional ethics were way below the normal
 7 standards - has left the plaintiff with mix emotions for a
 8 second surgical procedure in the aspect that the surgery
 9 needed is of the spinal cord where one small mishap could and
 10 would leave the plaintiff paralyze. With this in mind, and the
 11 new prognosis confirming the fact of the much needed second
 12 surgery. The plaintiff must stop here and convey to this Honorable
 13 Court the fact that the plaintiff is a "Veteran", dis-
 14 charged under Honorable conditions with the U.S. Air Force.

15 4) The plaintiff is at the mercy of this Honorable Court,

MRI OF THE LUMBOSACRAL SPINE**CLINICAL INDICATION:** No provided**TECHNIQUE:**

Sagittal and axial T1 and T2 weighted images.

FINDINGS:

The conus medullaris ends at the L1 level and appears within normal limits. The paraspinal soft tissues are unremarkable.

The lower thoracic through L4-5 intervertebral discs are of normal height and signal intensity, without evidence of focal disc herniation or protrusion, central canal or foraminal stenosis. Mild bilateral facet arthrosis is present at L4-5.

L5-S1: Moderate loss of disc height and desiccation is present, with moderate posterior osseous ridging, indicating degenerative disc disease. There is moderate circumferential disc bulging, including a posterior disc protrusion, which results in effacement of the epidural fat, with mild mass effect upon the thecal sac. Moderate bilateral facet arthrosis is present, without significant central canal stenosis. Moderate bilateral foraminal stenosis results.

IMPRESSION:

1. Moderate L5-S1 degenerative disc disease, with circumferential disc bulging, including a broad based posterior disc protrusion, which results in moderate bilateral foraminal stenosis.

The study was performed by an outside facility and the film submitted to Salinas Valley Radiologists for interpretation.

(MRI LUMBAR SPINE WITHOUT CONTRAST)

COMPARISON: There are no prior studies available for comparison.

PROCEDURE: Sagittal T1 and T2 sequences of the lumbar spine were obtained. Oblique axial proton density and T2 sequences from L3-4 to L5-S1 were obtained in a 1.5T MRI unit.

FINDINGS: No spondylolisthesis or fracture. Moderate-to-severe disk height loss at L5-S1 with a large circumferential disk bulge with marginal osteophyte. Early disk desiccation is noted at L1-2. Normal marrow signal. Normal signal and morphology of the conus located at L1. No intrathecal or paraspinal mass.

L5-S1: Large circumferential disk bulge which touches the anterior thecal sac. The AP diameter of the thecal sac measures 9 mm in the midline. There is moderate bilateral neural foraminal narrowing and the disk appears to touch the exiting nerve roots on the right.

L4-5: Normal disk. No stenosis.

L3-4: Normal disk. No stenosis.

IMPRESSION:

1. Large circumferential disk bulge at L5-S1 causing moderate bilateral neural foraminal stenosis and appears to be touching the exiting nerve root on the right. There is relative attenuation of the thecal sac at this level as well.
2. Normal conus.

S appeared before ICC this date for a CDC 114D, and Initial Classification Review. S was placed in ASU on 11/27/06 following his arrival from CTF-Central as a Warden to Warden agreement based on S's alleged involvement manipulating a locking bar mechanism of a cell door at CTF-Central. Based on this, S was initially placed in the C-ASU and subsequently transferred to CMC-E on 11/27/06. Committee notes a CDC 128B dated 11/30/06, authored by CC-II D.J. Carnazzo, which documents that the investigation was concluded on 11/30/06 and it was determined that S was not present in the cell when the cell door closure device had been compromised. The recommendation was for non-adverse release of S to the CMC-E GP and referral to the CSR for appropriate endorsement. S's placement score is 8. S was originally sentenced a determinate term of 15-years. S's current I/O for Robbery 2nd requires a case review. Review of Probation Officer's Report (POR), page 2, reveals that S committed robberies of three bank from 9/99 through 5/00. S brandished a firearm and demanded money from tellers. The firearm was never used and

MRI LUMBAR SPINE WITHOUT CONTRAST

COMPARISON: There are no prior studies available for comparison.

PROCEDURE: Sagittal T1 and T2 sequences of the lumbar spine were obtained. Oblique axial proton density and T2 sequences from L3-4 to L5-S1 were obtained in a 1.5T MRI unit.

FINDINGS: No spondylolisthesis or fracture. Moderate-to-severe disk height loss at L5-S1 with a large circumferential disk bulge with marginal osteophyte. Early disk desiccation is noted at L1-2. Normal marrow signal. Normal signal and morphology of the conus located at L1. No intrathecal or paraspinal mass.

L5-S1: Large circumferential disk bulge which touches the anterior thecal sac. The AP diameter of the thecal sac measures 9 mm in the midline. There is moderate bilateral neural foraminal narrowing and the disk appears to touch the exiting nerve roots on the right.

L4-5: Normal disk. No stenosis.

L3-4: Normal disk. No stenosis.

IMPRESSION:

- 1. → Large circumferential disk bulge at L5-S1 causing moderate bilateral neural foraminal stenosis and appears to be touching the exiting nerve root on the right. There is relative attenuation of the thecal sac at this level as well.
- 2. Normal conus.

HISTORY AND PHYSICAL EXAMINATION

DATE OF ADMISSION: 12/13/2006

CHIEF COMPLAINT: The patient is a 50-year-old male inmate at present who has had back and bilateral leg pain since 1992 starting out with an injury and initially just back and right leg pain which originally was a work-related injury. He had physical therapy for a year since then in prison system is doing previous medications. For the most part currently is on gabapentin. He has back pain and mid right and left leg pain coming in on a sitting position, walking increases the pain.

MRI scans that were done in My 2006 showing a large circumferential disc bulge, L5-S1, causing bilateral neural foraminal stenosis.

PAST MEDICAL HISTORY: Hypertension. History of asthma. No previous surgical treatment.

PHYSICAL EXAMINATION:

GENERAL: The patient is alert, oriented and in no acute distress.

HEENT: Negative.

LUNGS: Clear.

HEART: Normal sounds.

ABDOMEN: Negative.

NEUROLOGICAL: Gait is normal, straight leg raise slightly positive bilaterally. Motor examination is normal. Present is bilateral intermittent lumbar radiculitis, right disc bulge, osteophytes.

IMPRESSION:

Admitted at this time for a lumbar decompression bilateral S5-S1 with hemilaminectomy. Preservation of spinous processes. Discussed procedure with him, postoperative course and risks associated and he wished to proceed with the surgical treatment.

OPERATIVE REPORT

DATE OF OPERATION: 12/13/2006

SURGEON: DONALD A. RAMBERG, M.D.

ASSISTANT SURGEON: RNFA

PREOPERATIVE DIAGNOSIS: Lumbar radiculitis, bilateral L5-S1, spondylolisthesis and spondylosis.

POSTOPERATIVE DIAGNOSIS: Lumbar radiculitis, bilateral L5-S1, spondylolisthesis and spondylosis.

PROCEDURE: Posterior lumbar decompression of bilateral L5-S1.

DESCRIPTION OF PROCEDURE: Under endotracheal anesthesia, the patient was placed in the prone position, prepped and draped in the usual manner. A low lumbar incision was made and carried down to expose bilaterally the lamina of L5 and the sacrum. X-rays were used for identification. Beginning on the left side, a partial inferior hemilaminectomy of L5 was done with partial removal of the superior facet of the sacrum to allow opening of the neural foramen. The disk was not protruding much beyond the bone edges. Spondylolisthesis was noted. The neural foramen could be cleared adequately. Gelfoam was placed over the exposed nerve root and thecal sac. Then attention was directed to the right side. There a partial inferior hemilaminectomy of L5 was done with partial inferior facetectomy along with partial superior facetectomy of L5 and then the sacrum were done. Neural foramen was opened widely on the right side and no herniated disk fragments were noted. The disk was fairly flat. The epidural was cauterized with the bipolar cautery and the Gelfoam was left over the exposed nerve root and thecal sac. Muscle and fascia were closed with #1 Vicryl followed by subcutaneous tissues with 2-0 Vicryl and the skin with staples.

LOG NO.: CMC-E-06-2972

ISSUE:

Inmate Martin alleges that he is unable to stand or walk for longer than 10 to 15 minutes with equal pressure on both feet. In addition, he claims that he is unable to sleep due to his thin mattress.

INTERVIEWED BY: K. Sampson, Correctional Counselor II, at CCI

REGULATIONS: The rules governing this issue are:

Armstrong v. Schwarzenegger Court Ordered Remedial Plan Section (ARP) I. POLICY

It is the policy of the California Department of Corrections and Rehabilitation (CDCR) to provide access to its programs and services to inmates and parolees with disabilities, with or without reasonable accommodation, consistent with legitimate penological interests. No qualified inmate or parolee with a disability as defined in Title 42 of the United States Code, Section 12102 shall, because of that disability, be excluded from participation in or denied the benefits of services, programs, or activities of the Department or be subjected to discrimination. All institutions/facilities housing inmates with disabilities will ensure that housing and programming are reasonable and appropriate in a manner consistent with their mission and Department policy.

The Department shall provide reasonable accommodations or modifications for known physical or mental disabilities of qualified inmates/parolees. The Department shall consider, on a case-by-case basis, accommodations for inmates/parolees with impairments that are temporary in nature. Examples of reasonable accommodations include special equipment (such as readers, sound amplification devices, or Braille materials), inmate or staff assistance, bilingual or qualified sign language interpreters, modifying work or program schedules, or grab bars installed for mobility impaired inmates who require such (including mobility impaired inmates whose disability does not impact placement).

FIRST LEVEL REVIEW

ACTION REQUESTED: LOCATE AND RETURN MISCELLANEOUS NOTES OF
LEGAL MATTERS

APPEAL: DENIED

A review of your appeal has been completed. Your Appeal/Complaint including your requested remedial action has received careful consideration. In your appeal, you contend that on 12-13-06 at approximately 0900 hours, while you were housed in Administrative Segregation Unit, cell 4114, at CMC-East Facility, you were ordered to strip down to your underwear in preparation to be transported to the Sierra Vista Hospital for back surgery. You further contend that custody staff had stated to you that you are not allowed to take anything with you. Correctional Officer D. England on Second Watch stated to you that the cell would be left open for the next three (3) days, for you, and that your miscellaneous notes of legal matters should be left in the cell. Additionally, you contend that you observed that your legal papers (miscellaneous notes) were placed in a plastic bag and left in your assigned cell 4114. Upon your return to the institution and after receiving your personal property from Receiving & Release, you noticed these items were missing. The action you requested to remedy this situation is to locate/return your personal legal papers, so that you can submit your legal matters to the courts in a timely manner.

On 2/2/07, at approximately 1000 hours, I interviewed you regarding your appeal/complaint and you reiterated the issues of your appeal. During the interview, I had asked that you describe the missing legal items. You stated that you were missing "various" legal paperwork(s) in which you had in your assigned cell (4114), at the time that you were transported to Sierra Vista Hospital. I further asked you if you are able to request/receive another copy of the missing legal material from the courts. You stated that the paperwork in question was "notes" of documented times/dates of legal matters, and that this information cannot be regenerated from the courts.

On 2/6/07, I conducted an interview with Correctional Officer D.L. England, regarding your lost property. Officer England indicated that he remembered removing your property items (paperwork) and delivering these items to the Administrative Segregation Unit (ASU) 1st Floor Overflow Office. These items were held in the office, until they were taken to Receiving and Release and placed back into your stored property by the ASU Property Officer. Officer England was unable to recall when the ASU Property Officer accomplished this task.

FIRST LEVEL REVIEW

Appeal Log # CMC-E-07-00214

Page 2 of 3

On 2/7/07, I conducted an interview with Correctional Officer H. Keel. Officer Keel was assigned as the ASU Property Officer during the time in question. The interview revealed that Officer Keel remembers collecting/delivering property to Receiving & Release, but was uncertain if any of the property he collected or delivered belonged to you.

On 2/7/07, I conducted an interview with Correctional Officer M. Calsing, Administrative Segregation Unit (ASU) Property Officer, regarding your lost property. The interview revealed that Officer Calsing had conducted a thorough search of Receiving & Release for your missing property with negative results.

On 2/9/07, I contacted Receiving & Release and requested they search for the missing property. Subsequently, the Receiving & Release staff informed me that they might have located the missing property and the staff requested to have you report to Receiving & Release on 2/10/07. On 2/10/07, you and I reported to Receiving & Release, CMC-East Facility, at which time, Correctional Officer J.W. Cones reported that he could not locate the missing items.

A review of the circumstances surrounding your appeal indicates that ASU staff failed to appropriately process your missing property items (miscellaneous legal notes) from ASU back into your stored property in Receiving and Release. Despite their best efforts, ASU and Receiving and Release staff have been unable to locate these property items. As staff have been unable to comply with your requested action, your Appeal/Complaint is denied. Should you be dissatisfied with this appeal decision, you may, by following the instructions listed on your Inmate Appeal Form (CDC 602), request a Second-Level Review, and submit to Institution or Parole Region Appeals Coordinator within 15 days of receipt of response.

Subject: SECOND LEVEL APPEAL RESPONSE LOG NUMBER-CMC-E-07-00214

ISSUE:

The appellant contends that on December 13, 2006, he was transported from CMC East Facility to an outside hospital for a medical procedure, and that upon his return to the Institution, he learned that CMC ASU staff had misplaced the legal paperwork that he had left in his Administrative Segregation cell. The appellant states that prior to being transported he was told to leave the legal paperwork in his assigned cell and assured that this paperwork would be forwarded to his stored property in Receiving and Release if after three days he was unable to return to CMC. The appellant also states that prior to his return to CMC he was removed from Administrative Segregation status and that when he did return he was rehoused in A-Quad. The appellant further states that when he received his property from Receiving and Release he noticed that the legal paperwork that he had left in his cell was missing. The appellant claims that he submitted an Inmate Request for Interview form in an attempt to locate the missing paperwork, and when he received no response, he submitted this appeal. The action requested by the appellant to remedy this situation is for all of the missing legal papers to be returned to him so that they can be submitted to the courts in a timely manner.

INTERVIEWED BY: K.T. Smith, Correctional Lieutenant

REGULATIONS: The rules governing this issue are:

CCR 3190 "*Personal Property-General Policy*"
CCR 3193 "*Liability*"
CMC Operational Plan #12 "*ASU Procedures*"
CMC DOM Supplement section 54030.10.2 "*Inmate Property*"

SUMMARY OF INVESTIGATION:

ASU Annex Sergeant, B. Dieball, addressed the First Level of Review (FLR). In this response, Sgt. Dieball denied this appeal as despite the best efforts of staff, he was unable to locate the missing paperwork. The efforts undertaken to locate this paperwork

Inmate MARTIN, E. (T-28520)

Case No. CMC-07-00214

Page 2

included a thorough search of Administrative Segregation, a through search of Receiving and Release at CMC East, and interviews with ASU staff.

The appellant indicates that he is dissatisfied with the first level response to this appeal because staff failed to locate the missing property and also due to CMC Staff's "*...cavalier attitude to their contractual and ethical responsibilities*".

Correctional Lieutenant K.T. Smith was assigned to investigate this appeal at the Second Level of Review. The submitted claim and all supporting documents received a thorough examination and evaluation in accordance with California Men's Colony (CMC) Operational Procedures (OP); the California Code of Regulations (CCR); and the Departmental Operations Manual (DOM) and the arguments contained in this claim have been considered.

On April 16, 2007, Lt. Smith conducted an interview of the appellant in regards to his claims. During this interview the appellant reiterated that which is documented in the appeal. The appellant indicated that he learned his legal paperwork was missing when he returned from an outside hospital. The appellant stated that he understood that staff had made several attempts to find the missing legal paperwork and that, while he appreciated these attempts, he wished to pursue this matter further with the hope of obtaining monetary compensation. When asked if this legal paperwork contained any pending court cases, the appellant stated "no". The appellant also indicated the nature of the legal paperwork was such that replacement would not be possible and admitted that he could not attribute a monetary value to the missing legal paperwork.

Taking the above-mentioned facts into consideration, the appellant's appeal is DENIED. As noted in the First Level response, CMC ASU and Receiving and Release staff made a significant effort to find the missing legal paperwork, however they were unsuccessful. It is further noted that during the interview the appellant stated that this legal paperwork could not be replaced, while admitting that it was not related to any pending court cases, and had no monetary value.

DECISION: The appeal is DENIED.

The appellant is advised that this issue may be submitted for a Director's Level of Review if desired.

In re: Martin, T-28520
California Correctional Institution
P.O. Box 1031
Tehachapi, CA 93581

IAB Case No.: 0616114 Local Log No.: CMC 07-00214

This matter was reviewed on behalf of the Director of the California Department of Corrections and Rehabilitation (CDCR) by Appeals Examiner S. Wright, Facility Captain. All submitted documentation and supporting arguments of the parties have been considered.

I APPELLANT'S ARGUMENT: It is the appellant's position that on December 13, 2006, he was transported from California Men's Colony (CMC) to an outside hospital for a medical procedure. The appellant contends that upon his return to the institution, he learned that CMC Administrative Segregation Unit (ASU) staff had misplaced the legal paperwork that he had left in his cell. The appellant contends that prior to being transported he was told to leave the legal paperwork in his assigned cell and assured that this paperwork would be forwarded to his stored property in Receiving & Release (R&R) if after three days he was unable to return to CMC. The appellant also contends that prior to his return to CMC he was removed from the ASU and that when he did return he was re-housed in "A" Quad. The appellant contends that when he received his property from R&R he noticed that the legal paperwork that he had left in his cell was missing. The appellant stated that he submitted an Inmate Request for Interview form in an attempt to locate the missing paperwork, and when he received no response, he submitted an appeal. The appellant requests that his missing paper work be returned to him so that they can be submitted to the courts in a timely manner.

II SECOND LEVEL'S DECISION: The reviewer found that despite the best efforts of R&R Correctional Sergeant B. Dieball, staff was unable to locate the appellant's missing paperwork at the First Level of Review. The efforts undertaken to locate this paperwork included a thorough search of the ASU, a through search of R&R at CMC East, and interviews with ASU staff. At the Second Level of Review (SLR) the appellant stated that he understood that staff had made several attempts to find the missing legal paperwork and that, while he appreciated these attempts, he wished to pursue this matter further with the hope of obtaining monetary compensation. When asked if his legal paperwork contained any pending court cases, the appellant stated "no." The appellant also indicated the nature of the legal paperwork was such that replacement would not be possible and admitted that he could not attribute a monetary value to the missing legal paperwork. The appellant's appeal was denied at the SLR.

III DIRECTOR'S LEVEL DECISION: Appeal is granted in part.

A. FINDINGS: The rules governing this issue are California Code of Regulations, Title 15, Section (CCR) 3160(a) Inmate Access to the Courts. Inmate access to the courts shall not be obstructed. A review of the circumstances surrounding the appellant's missing property indicates that staff failed to appropriately process the appellant's legal paperwork from ASU back into his stored property in R&R. The examiner found that the institution and R&R staff made a significant effort to find the appellant's missing legal paperwork; however, during their attempts to locate the missing legal paperwork and their interview with the appellant; they did not require the appellant to provide specific information on the court documents he was missing or the legal material from which he derived his legal notes from. If after interviewing the appellant he can establish that he does know the specific court/case and provide details (such as divorce papers) of the legal paperwork in his possession at the time his property was left in the cell; the institution shall be required to pay for any required copies of case material.

B. BASIS FOR THE DECISION:

CCR: 3190, 3191, 3193, 3391

MARTIN, T-28520

CASE NO. 0616114

PAGE 2

C. ORDER: The CMC shall re-interview the appellant in order for him to identify the specific court/case(s), legal correspondence and material used to produce his legal notes in order for the appellant to submit missing documents to the courts in a timely manner. The appellant shall be required to specifically identify any legal documents, specific dates of the documents or cases, along with specific courts and cases from which the documents originated from. From the appellant's list of lost legal work the appellant should then be able to recover or recreate most of the missing legal work. In addition, the institution shall make an attempt to contact the appellant's attorney for copies of only the specified documents/legal correspondence in an attempt to recover the appellant's original paperwork. The institution shall be required to pay for any required copies of court cases or copies of correspondence from his attorney. If the appellant is unable to provide the specific information required for recovery of the missing legal work, this will be considered lack of cooperation and shall result in cancellation of the appeal.

This issue was discussed with the office of Chief Deputy Warden.

This decision exhausts the administrative remedy available to the appellant within CDCR.

It was found that the patient was status post back surgery in December 2006. The inmate was initially examined by Dr. Afra, Staff Physician, and was placed on a regimen of muscle relaxants and pain medications in the form of Hydrochlorothiazide 25 mg. and Gabapentin 800 mg. It is further noted that the patient needs a magnetic resonance imaging (MRI), and a post-surgical request for services to follow-up with a neurosurgeon depending on M.R.I. results. The inmate also needs a request for services to follow-up with an urologist. The physicians will determine what treatment is medically necessary. .

Dear Litigant,

ELBERT THOMAS MARTIN, 1:07-cv-01661-AWI-WMW (PC)
Plaintiff,
v. ORDER DIRECTING PAYMENT

FOR THE EASTERN DISTRICT OF CALIFORNIA

ELBERT THOMAS MARTIN, 1:07-cv-01661-AWI-WMW (PC)

Plaintiff,
vs.
FIRST INFORMATIONAL ORDER

M. ROCHE, et al.,
Defendants.

Plaintiff is a state prisoner proceeding pro se and in forma pauperis in this civil rights action pursuant to 42 U.S.C. § 1983. In litigating this action, the parties must comply with the Federal Rules of Civil Procedure (Fed. R. Civ. P.) and the Local Rules of the United States District Court, Eastern District of California (Local Rules). This order highlights specific rules of which the parties should take particular note. FAILURE TO COMPLY WITH THE FEDERAL RULES, LOCAL RULES, OR A COURT ORDER, INCLUDING THIS ORDER, WILL BE GROUNDS FOR APPROPRIATE SANCTIONS, UP TO AND INCLUDING DISMISSAL OF THIS ACTION.

Local Rule 11-110; Fed. R. Civ. P. 41(b).

1. Documents intended to be filed with the court by pro se litigants must be mailed to the Clerk of the Court. Local Rule 5-133(d)(1). All documents mailed improperly to a judge's chambers

1 will be stricken.¹ A document requesting a court order must be styled as a motion, not a letter. Fed.
2 R. Civ. P. 7.

3 2. Each document submitted for filing must include the original signature of the filing party
4 or parties. Local Rule 7-131; Fed. R. Civ. P. 11(a). All documents submitted without the required
5 signature(s) will be stricken. Each separate document must be bound separately at the top left
6 corner. Local Rule 7-130(b). If a document is bound behind another document, it will not be filed
7 and will not enter the court docket.

8 3. You are not required to send this court copies of your documents submitted for filing.
9 Local Rule 5-133(d)(2). If the filing party wishes the court to return a file-stamped copy, he or she
10 must include one copy for that purpose AND a pre-addressed postage paid envelope. The court
11 cannot provide copy or mailing service for a party, even for an indigent plaintiff proceeding in forma
12 pauperis. Copies of documents from the court file may be obtained at the cost of fifty cents per page.

13 4. After defendants have appeared in an action by filing a response to the complaint (i.e., an
14 answer, a motion to dismiss, or a motion for summary judgment), all documents filed with the court
15 must include a certificate of service stating that a copy of the document was served on the opposing
16 party. Fed. R. Civ. P. 5; Local Rule 5-135. A document submitted without the required proof of
17 service will be stricken. Where a party is represented, service on the party's attorney of record
18 constitutes effective service.

19 5. All filings must bear the file number assigned to the action, followed by the initials of the
20 District Court Judge and the Magistrate Judge to whom the case is assigned and the letters "PC."
21 Where plaintiff simultaneously pursues more than one action, he or she must file separate original
22 documents and the appropriate number of copies in each action to which the document pertains.
23 Documents submitted listing more than one case number in the caption will be stricken.

24 6. The court cannot serve as a repository for the parties' evidence (i.e., prison or medical
25 records, witness affidavits, etc.). The parties may not file evidence with the court until the course of
26 litigation brings the evidence into question (for example, on a motion for summary judgment, at trial,
27

28 ¹ When a document is stricken, it becomes a nullity and is not considered by the court for any purpose.

1 or when requested by the court). Evidence improperly submitted to the court will be stricken.

2 7. The Eastern District of California converted to an electronic filing, service, and storage
3 system, effective January 3, 2005. Pro se litigants are exempt from the electronic filing requirement
4 and must submit all documents to the court in paper. Local Rule 5-133(b)(2). Paper documents
5 submitted by pro se litigants for filing will be scanned into the electronic court file by the Clerk's
6 Office. After being scanned into the electronic court file, the paper documents will be retained in the
7 Clerk's Office for a limited period of time and then discarded. Local Rule 39-138(d). For this
8 reason, pro se litigants are cautioned not to send original exhibits to the court. When it is appropriate
9 for pro se litigants to submit exhibits to the court (see paragraph 6), the litigants shall retain their
10 original exhibits and send photocopies to the court.

11 8. After an answer is filed, the court will issue an order opening discovery, and setting the
12 deadlines for completing discovery, amending the pleadings, and filing pre-trial dispositive motions.
13 No discovery may be conducted without court permission until an answer is filed and the court
14 issues the discovery order. Discovery propounded on a party is self-executing, and must be served
15 directly on the party from whom discovery is sought; parties should not file copies of their discovery
16 with the court. Local Rules 33-250, 34-250, 36-250. Discovery documents inappropriately
17 submitted to the court will be stricken. Where the response to discovery is unsatisfactory, the party
18 seeking discovery may file a motion to compel discovery, including a copy of the discovery
19 propounded and the response thereto. Fed. R. Civ. P. 37. A motion to compel must be accompanied
20 by "a certification that the movant has in good faith conferred or attempted to confer with the party
21 not making the disclosure in an effort to secure the disclosure without court action." Fed. R. Civ. P.
22 37(a)(2)(A). A discovery motion that does not comply with all applicable rules will be stricken and
23 may result in imposition of sanctions.

24 9. Because plaintiff is incarcerated and proceeds pro se, all pre-trial motions will be
25 submitted without a hearing. Local Rule 78-230(m). The parties are referred to Local Rule 78-
26 230(m) for the briefing schedule on motions.

27 10. All court deadlines will be strictly enforced. Requests for time extensions must state the
28

1 reason the extension is needed and must be filed with the court before the deadline in question.

2 | Local Rule 6-144.

3 11. A pro se plaintiff has an affirmative duty to keep the court and opposing parties apprised
4 of his or her address. Local Rule 83-182(f). If a plaintiff moves and fails to file a notice of change
5 of address, service of court orders at plaintiff's prior address shall constitute effective notice. *Id.* If
6 mail directed to plaintiff is returned by the U.S. Postal Service as undeliverable, the court will not
7 attempt to re-mail it. If the address is not updated within sixty days of the mail being returned, the
8 action will be dismissed for failure to prosecute. Local Rule 83-183(b).

9 12. The court is required to screen complaints brought by prisoners seeking relief against a
10 governmental entity or officer or employee of a governmental entity. 28 U.S.C. § 1915A(a). The
11 court must dismiss a complaint or portion thereof if the prisoner has raised claims that are legally
12 “frivolous or malicious,” that fail to state a claim upon which relief may be granted, or that seek
13 monetary relief from a defendant who is immune from such relief. 28 U.S.C. § 1915A(b)(1),(2).
14 The court will direct the United States Marshal to serve plaintiff’s complaint only after the court has
15 screened the complaint and determined that it contains cognizable claims for relief against the named
16 defendants. The court has a large number of prisoner civil rights cases pending before it and will
17 screen plaintiff’s complaint in due course.

18 IT IS SO ORDERED.

7 ELBERT THOMAS MARTIN,

9 vs. TRANSFER ORDER
10
11

12 M. ROCHE, M.D., et al.,

13 Defendants.
14

15 Plaintiff is a state prisoner proceeding pro se and in forma pauperis pursuant to 42 U.S.C.
16 § 1983.

17 Plaintiff is in the custody of the California Department of Corrections and Rehabilitation
18 at the California Correctional Institution at Tehachapi. Plaintiff brings this case, claiming that he
19 was subjected to constitutionally inadequate medical care in violation of the Eighth Amendment
20 to the U.S. Constitution.

21 Though currently housed in Tehachapi, Plaintiff names defendants in Los Angeles, High
22 Desert State Prison in Lassen County, the California Training Facility at Soledad in Monterey
23 County and the California Men's Colony at San Luis Obispo, in San Luis Obispo County.
24 Plaintiff also names defendants in Morris Plains, New Jersey.

25 The federal venue statute requires that a civil action, other than one based on diversity
26

1 jurisdiction, be brought only in "(1) a judicial district where any defendant resides, if all
2 defendants reside in the same state, (2) a judicial district in which a substantial part of the events
3 or omissions giving rise to the claim occurred, or a substantial part of the property that is the
4 subject of the action is situated, or (3) a judicial district in which any defendant may be found, if
5 there is no district in which the action may otherwise be brought." 28 U.S.C. § 1331(b).

6 In this case, none of the defendants reside in this district. The claim arose in Los
7 Angeles County, Lassen County, Monterey County and San Luis Obispo County. Plaintiff also
8 names defendants in New Jersey. Therefore, Plaintiff's claims regarding Los Angeles and the
9 California Men's Colony should have been filed in the Central District. Plaintiff's claims
10 regarding the Correctional Training Facility should have been filed in the Northern District.
11 Plaintiff's claims regarding the New Jersey defendant should have been filed in the District of
12 New Jersey. In the interest of justice, a federal court may transfer a complaint filed in the wrong
13 district to the correct district. See 28 U.S.C. § 1406(a); Starnes v. McGuire, 512 F.2d 918, 932
14 (D.C. Cir. 1974).

15 Regarding the High Desert State Prison claims, Pursuant to Local Rule 3-120(b), a civil
16 action which has not been commenced in the proper court may, on the court's own motion, be
17 transferred to the proper court. Therefore, the High Desert State Prison claims will be transferred
18 to the Sacramento Division. All future pleadings shall reference the new case number and be
19 filed at:

20
21 United States District Court
22 Eastern District of California
23 501 "I" Street, Suite 4-200
24 Sacramento, CA 95814
25
26

Accordingly, IT IS HEREBY ORDERED that:

1. The Clerk's Office shall open a new case for transfer to each of the following districts:

Central District of California; Northern District of California; District of New Jersey.

2. Plaintiff's claims regarding Los Angeles and the California Men's Colony are transferred to the Central District of California.

3. Plaintiff's claims regarding the Correctional Training Facility are transferred to the Northern District of California.

4. Plaintiff's claims regarding the New Jersey defendants are transferred to the District of New Jersey.

5. Regarding the High Desert State Prison claims, this action is transferred to the United States District Court for the Eastern District of California sitting in Sacramento.

IT IS SO ORDERED.
